

New Orleans Regional Housing Priorities 2020

- **Create designated revenue streams for local and statewide Housing Trust Funds to increase affordable housing production**
- Implement the Smart Housing Mix, a mandatory inclusionary zoning policy, that can create hundreds of new affordable housing opportunities in areas with quality access to jobs, education, and other opportunities
- Increase the Housing Trust Fund to meet the revised production goals and commit to include the Neighborhood Housing Improvement Fund (NHIF) reauthorization and funding increase on the ballot in 2020
- Review the current HousingNOLA 10-Year Plan public partner production goal of 1,500 affordable opportunities per year as committed in the Interagency Housing Policy in Housing for a Resilient New Orleans, and adjust projections based on need and resources available
- Increase homeownership opportunities for low- and moderate-income renters. (Section 8 homeownership program, mobile homeownership as affordable option, Soft Second Programs)
- Introduce measures to reform Section 8 voucher program to protect households from losing their vouchers under unfair circumstances, such as the unavailability of eligible units
- Establish a centralized system for renter's rights and protections and landlord enforcement. (rental registry/Healthy Homes Ordinance, absentee landlord policy, online community forum)
- Address blight code enforcement that spurs displacement and gentrification
- Increase transit-oriented development and density in high transit corridors to offset neighborhood displacement for locals.
- Increase African American homeownership opportunities by properly implementing first-time homebuyer programs to ensure they reach our most marginalized population.

HousingLOUISIANA is network of regional housing alliances across the entire state. Our membership hopes you'll support policy and legislation that secures funding for housing for those impacted by disaster, special needs populations and for families and individuals who face housing insecurity. For more information, please visit our website at HousingLOUISIANA.org

- Invest in sustainable development (energy efficiency, solar energy, weatherization, long-term floodwater management planning, etc) for the creation of quality neighborhoods throughout the City of New Orleans.
- Investigate the allocation of Community Development Block Grants to ensure the funds are spent on the creation and retention of affordable housing.
- Increase support for aging-in-place policies that increase accessibility for seniors, as well as addresses affordable rents for fixed incomes.
- Increase permanent and emergency housing opportunities with wraparound services for special needs populations, including at-risk youth, people who are mentally ill, homeless individuals, people who were formerly incarcerated, and survivors of domestic violence.
